FOREWORD

This resource directory is a compilation of organizations and programs helpful to small and medium-size companies in matters related to technology development, including research, technology development/transfer, technical assistance, and business development services. It is a "work in progress", and will be revised periodically as organizations are added.

Although Argonne National Laboratory enjoys an excellent working relationship with all of these organizations, their inclusion in this directory does not constitute an endorsement or a recommendation.

For further information on services provided, contact the organizations listed.

This report was prepared as an account of work sponsored by an agency of the United States Government. Neither the United States Government nor any agency thereof, nor any of their employees, makes any warranty, express or implied, or assumes any legal liability or responsibility for the accuracy, completeness, or usefulness of any information, apparatus, product, or process disclosed, or represents that its use would not infringe privately owned rights. Reference herein to any specific commercial product, process, or service by trade name, trademark, manufacturer, or otherwise does not necessarily constitute or imply its endorsement, recommendation, or favoring by the United States Government or any agency thereof. The views and opinions of authors expressed herein do not necessarily state or reflect those of the United States Government or any agency thereof.

NATIONAL RESOURCES

Agencies and Organizations

Association of Small Business Development Centers

8990 Burke Lake Road

Burke, Virginia 22015

PHONE: 703-764-9850

FAX: 703-764-1234

info@asbdc-us.org

<http://www.asbdc-us.org>

The mission of the Association of Small Business Development Centers is to represent the collective interest of our members by promoting, informing, supporting and continuously improving the SBDC network, which delivers nationwide educational assistance to strengthen small/medium business management, thereby contributing to the growth of local, state and national economies. Web site includes links to state/local centers and resources.

Federal Laboratory Consortium (FLC)

950 N. Kings Highway, Suite 208

Cherry Hill, NJ 08034

856-667-7727, fax 856-667-8009

<http://www.federallabs.org/index.html>

The Federal Laboratory Consortium for Technology Transfer (FLC) was organized in 1974 and formally chartered by the Federal Technology Transfer Act of 1986 to promote and to strengthen technology transfer nationwide. Today, more than 700 major federal laboratories and centers and their parent departments and agencies are FLC members. For industry and other technology seekers, the FLC Locator Network serves as a point of entry to federal laboratory expertise and technology. In meeting this need, the network also handles requests from other organizations working with the private sector. These organizations include NASA's Regional Technology Transfer Centers, the National Technology Transfer Center and state funded economic development centers. Through its network of representatives, the FLC puts a potential partner in contact with a federal laboratory with expertise and capability in a specific area of interest. Once the FLC identifies the contact, the arrangements for the technical exchange are between the user and the laboratory.

National Technology Transfer Center (NTTC)

Wheeling Jesuit University

316 Washington Avenue

Wheeling, WV 26003

800-678-6882 (NTTC), fax 304-243-4388

technology@nttc.edu

<http://www.nttc.edu>

NTTC's task is to take technologies off laboratory shelves and put them to work in U.S. businesses and industries. Services include learning what federal laboratory scientists are researching, technology assessment, testing/prototyping of technology, training, and more.

U. S. Small Business Administration

Funding Opportunities

ScienceWise: The Workplace for Science and Engineering (site being updated)

<http://www.sciencewise.com>

Features include the Research section (register for funding opportunity e-mail alerts, find current grant announcements, or search the most cited research literature) and the Small Business Center (funding alerts, business and government resources, events calendar, more).

Federal Business Opportunities

<http://www.fedbizopps.gov/>

FedBizOpps.gov is the single government point-of-entry (GPE) for Federal government procurement opportunities over \$25,000. Government buyers are able to publicize their business opportunities by posting information directly to FedBizOpps via the Internet. Through one portal - FedBizOpps (FBO) - commercial vendors seeking Federal markets for their products and services can search, monitor and retrieve opportunities solicited by the entire Federal contracting community.

Commerce Business Daily Online

<http://cbdnet.gpo.gov>

The Commerce Business Daily (CBD) lists notices of proposed government procurement actions, contract awards, sales of government property, and other procurement information. A new edition of the CBD is issued every business day. Each edition contains approximately 500-1,000 notices. Each notice appears in the CBD only once. The CBD databases online via GPO Access contain notices from December 2, 1996 forward.

Federal Register

<http://www.gpoaccess.gov/fr/index.html>

The Federal Register is the official daily publication for Rules, Proposed Rules, and Notices of Federal agencies and organizations, as well as Executive Orders and other Presidential Documents. Online version includes Volumes 59-69 (1994-2004).

Broad Agency Announcement (BAA) Information Delivery System (BIDS)

<http://www.tswg.gov/tswg/home/home.htm>

The primary mission of TSWG is to conduct rapid research, development, and prototyping for the National Inter-Agency Research and Development (R&D) Program. TSWG solicits proposals in specific mission areas as identified on this web site and as published in the Commerce Business Daily (CBD). The intent of the solicitation process is to identify technologies and approaches that may provide near, mid, and long term solutions that enhance current capabilities to critical multi-agency and future threat requirements.

Strategic Environmental Research and Development Program (SERDP)

<http://www.serdp.org/funding/funding.html>

SERDP funds environmental research and development through a competitive process. Because both government and private sector parties may compete for SERDP funds, there are two announcements for each solicitation: (1) a Broad Agency Announcement (BAA) for the private sector and (2) a Call For Proposals to the Federal Sector. There are two solicitations annually.

Electronic Posting System

<http://www.eps.gov>

The General Services Administration (GSA) has teamed with NASA, Department of Transportation, and others to develop, pilot, and implement a Government-wide electronic posting system. EPS has two primary features: a central government-wide index, and an application that allows buyers to post notice of procurements directly to the Internet.

Department of Commerce/NIST Advanced Technology Program

100 Bureau Drive, Stop 3460

Gaithersburg, MD 20899-3460

301-975-6478, TTY 301-975-8295

Email inquiries@nist.gov

<http://www.atp.nist.gov/>

The Advanced Technology Program (ATP) bridges the gap between the research lab and the market place, stimulating prosperity through innovation. Through partnerships with the private sector, ATP's early stage investment is accelerating the development of innovative technologies that promise significant commercial payoffs and widespread benefits for the nation. Cost-sharing required. The ATP accepts proposals only in response to specific, published solicitations. Notices of ATP competitions are published in Commerce Business Daily. You may also request to be placed on a mailing list to receive notification of ATP competitions and other events by calling the ATP automated hotline (1-800-ATP-FUND) or by sending e-mail to atp@nist.gov.

Small Business Innovation Research/

Small Business Technology Transfer (SBIR/STTR) Programs

U.S. Small Business

REGIONAL RESOURCES

Great Lakes Industrial Technology Center (GLITeC)

20445 Emerald Parkway Drive, S.W.

Suite 200

Cleveland, Ohio 44135

Phone: (216) 898-6400

Fax: (216) 898-6550

<http://www.battelle.org/glitec>

email: GLITeC@battelle.org

GLITeC is one of six U.S. Regional Technology Transfer Centers (RTTCs). GLITeC provides technology and

business assistance to industry in the Great Lakes region (Illinois, Indiana, Michigan, Minnesota, Ohio, Wisconsin) and works to commercialize NASA Glenn Research Center technologies throughout all 50 states.

STATE RESOURCES

ILLINOIS

Department of Natural Resources (DNR)

Illinois Waste Management Research Center
One East Hazelwood Drive
Champaign, IL 61820
800-407-0261, fax 217-333-8944
<http://www.wmrc.uiuc.edu>

The Waste Management and Research Center (WMRC) helps businesses and citizens reduce and manage solid and hazardous wastes released to air, water or land. Programs and services include research funding, laboratory support, pollution prevention assistance, technology evaluation, and compliance assistance.

Chicago Manufacturing Center (CMC)

247 S. State Street, Suite 1000
Chicago, IL 60604
312-542-0500 or 866-2EMERGE
info@cmcusa.org
<http://www.cmcusa.org>

The Chicago Manufacturing Center works with manufacturers to improve productivity, expand markets and create new jobs. Through CMC, companies can access a wealth of resources at universities, community colleges, research organizations, financial institutions and private consulting firms to help them overcome barriers to growth and productivity. CMC serves the six county Chicago metropolitan area.

Illinois Department of Commerce and Community Affairs (DCCA)

620 E. Adams	100 West Randolph St., Suite 3-400
Springfield, Illinois 62701	Chicago, Illinois 60601
217-782-7500, fax 217- 524-3701	312-814-7179, fax 312-814-2370
800-785-6055 (TDD)	800-419-0667 (TDD)

<http://www.sustainable.doe.gov/database/9.html>

DCCA provides a variety of programs to assist and support Illinois businesses, relating to both workforce development and technology. Web site includes links to other state business and technology resources.

Illinois Department of Commerce and Economic Opportunity (DCEO)

<http://www.illinoisbiz.biz/bus/index.html>

College of DuPage Business and Professional Institute (BPI)

425 Fawell Boulevard, Building K, Room 151
Glen Ellyn, IL 60137-6599
630-942-2800
<http://www.cod.edu/BPI>

BPI provides individuals and organizations with assistance and training support through customized contract training programs and business assistance programs. BPI can meet your training needs in either our modern facilities on campus or at your work site.

North Business and Industrial Council (NORBIC)

5353 W. Armstrong Avenue
Chicago, Illinois, 60646
773-594-9292.Fax 773-594-9416

info@norbic.org
<http://www.norbic.org/>

NORBIC works at the behest and direction of its member companies to address an array of the issues - from those directly related to business operations (i.e., city services, financing, expansion) as well as those affecting the quality of life in Chicago, such as unemployment, crime, education, training, and transportation. In general, NORBIC serves as an advocate, advisor, resource and facilitator on behalf of its members in working with, or bringing together both public and private sectors. These resources include several on-site Illinois Department of Commerce and Community Affairs business centers; a Small Business Development Center (SBDC), a Procurement Technical Assistance Center (PTAC), an International Trade Center (ITC), a NAFTA Opportunity Center (NOC), and an Environmental Assistance Center (NEAC). NORBIC is also a delegated Local Industrial Retention Initiative (LIRI) agency for Chicago's Department of Planning and Development.

Bradley University

Business Technology Incubator and other centers and services
1501 W. Bradley Avenue
141 Jobst Hall
Peoria, IL
SBTRC, call (309) 677-2263 or e-mail us at sbtrc@bradley.edu.
SBDC, call (309) 677-2992 or e-mail us at sbdc@bradley.edu.
<http://www.bradley.edu/turnercenter/sbdc.html>

The Business Technology Incubator (BTI) has assisted many technology businesses in becoming successful by providing office space, business and technical assistance, access to university resources, and facility and administrative services on a shared-cost basis. By taking advantage of these services, start-up and early-stage businesses are better able to focus their resources on developing their products and new technologies. Companies are able to lease the space they need, as well as utilize conference rooms and other facility resources.

Chicago Public Library

400 South State Street

Chicago, Illinois 60605

312/747-4465

<http://www.chipublib.org/008subject/002business/trade.html>

The library has books on such subjects as small business management, venture capital, marketing, franchising, finance, accounting, human resources, and taxation. To complement these information sources, there are directories, bibliographies, pamphlets, indexes, periodicals, electronic databases and Internet access. By using these various tools, one can get basic information on starting a business, find out what the outlook of a specific industry might be, get the names of other companies in the same market, and obtain the names of organizations and associations to contact for even more information.

Governor's State (SBDC)

College of Business

Room C 3370

University Park, IL 60466

Phone 708/534-4929, Fax: 708/534-8457

E-mail: SBDC@govst.edu

<http://www.ecn.bgu.edu/>

The SBDC will evaluate business needs, analyze manufacturing practices, provide general business plan assistance, review commercial and government loan packages, and assist small businesses in finding the experts their company needs. Any existing or potential business within the college's district that meets the U.S. Small Business Administration's size standard (less than 500 employees) is eligible for SBDC assistance and may receive assistance based on resources available to the SBDC. Direct services of the SBDC (counseling, information dissemination and referral) are free of charge.

Greater North-Pulaski Development Corporation

4054 W. North Avenue - 2nd Floor

Chicago, Illinois 60639-5223

Phone: 773/384-7074, fax: 773/384-3850

Community Program Fax: 773/384-9120

<http://www.gnpdc.org/sbdc.html>

The Illinois Small Business Development Center (SBDC) at GNPDC offers free counseling to start-up and existing companies on such matters as, business plan preparation, marketing, procurement, international trade, industrial safety, environmental regulations, energy management, business succession, personnel training and financial issues. The SBDC specializes in financial counseling and credit assistance, linking start-ups and existing small businesses with numerous private, City, State and Federal funding agencies. With Center assistance, small businesses can get access to capital funds at affordable rates for extended terms. The SBDC also links start-up and small firms to initial pro bono or low-cost technical, legal and accounting assistance.

ITT Research Institute

10 West 35th Street
Chicago, Illinois
312/567-4859
800-421-0586 Fax: (312) 567-4021
email: LSGInfo@IITRI.org
<http://www.IITRI.org/>

The Life Sciences Group (LSG) at IITRI is a prominent contract service organization (CSO) providing safety assessment testing and advisement to pharmaceutical, chemical and biotechnology companies worldwide, as well as to the National Institutes of Health (NIH), Department of Defense (DOD), and other branches of the U.S. Federal government.

Illinois State Library

Gwendolyn Brooks Building
300 South 2nd Street
Springfield, IL 62701-1796
Phone: (217) 785-5600
Within IL only: (800) 665-5576
TDD: (800) 965-0748
Patent Depository 217/782-5659
<http://www.cyberdriveillinois.com/departments/library/home.html>

The Illinois State Library is a patent and trademark depository library. Library staff will pursue information about new technologies, and will provide information on how to conduct a patent/trademark search.

Inventors Council

Chicago, Illinois
Don Moyer
312/939-3329
email: don@donmoyer.com
<http://www.sabretechnical.com/donmoyer/index.html>

An extensive list of documents, forms, navigation links, patents, technologies, money information, updates, and general information are listed on the web page. These links have not been updated since 2002, but still contain some useful information

IVCC SBDC (Illinois Valley Community College, Small Business Development Center)

815 N. Orlando Smith Avenue
Oglesby, Illinois 61348-9691
Boyd Palmer
815/223-1740 or 815/224-0212
Boyd Palmer@livcc.edu
<http://www.ivcc.edu/>
<http://www.ivcc.edu/sbdc/>

The IVCC SBDC is a government-sponsored agency that can assist those who are contemplating starting or buying a business, provide guidance and counseling to existing or potential businesses, provide training to small business owners, their employees and the general public. They can also provide technical assistance in product development, information and assistance in obtaining loans and capital information. They perform financial analysis, market analysis and forecasting. They assist businesses in working with the government and its various programs and improve the economy through the development of viable small businesses.

Joliet Junior College SBDC

Small Business Development Center

1215 Houbolt Road

Joliet IL 60431-8938

(815) 280-1555

<http://www.jjc.edu/catalog/courses/SBDC.html>

<http://www.jjc.cc.il.us/>

The SBDC will evaluate business needs, analyze manufacturing practices, provide general business plan assistance, review commercial and government loan packages, and assist small businesses in finding the experts their company needs. Any existing or potential business within the college's district that meets the U.S. Small Business Administration's size standard (less than 500 employees) is eligible for SBDC assistance and may receive assistance based on resources available to the SBDC. Direct services of the SBDC (counseling, information dissemination and referral) are free of charge.

McHenry County College SBDC

8900 U.S. Highway 14

Crystal Lake, Illinois 60012

Susan Whitfield

815/455-8783 svanweel@mchenry.edu

(815) 479-7686 smcgowan@mchenry.edu

<http://www.ccedtraining.mchenry.edu>

<http://www.ccedtraining.mchenry.edu/sbdc.asp>

Services include in-depth, high-quality assistance in areas including start-up entrepreneurship, business planning, personnel and other business management skills, access to capital/loans, marketing research and advertising, finance and accounting, regulation and taxation, production and operations, office automation and computers, economic and business data analysis, technology, and other areas of assistance required to promote small business growth. Free one-on-one counseling in the areas listed above, either directly, or through contractual agreement with recognized experts, or through referral to cooperative agencies. The current director is a Certified Business Consultant. Low-cost seminars, workshops, and courses in the areas listed above. Assistance on qualifying for local, state, and federal loan, grant and other business assistance programs. The SBDC has up-to-date information on availability and qualification, and both computer-modem capabilities and personal contact with authorized individuals at the state and federal levels. The current director is a Certified SBA Loan Preparer. "First Stop Center" location for start-up and regulatory information, SBA On-line, Illinois State on-line business assistance

resources, Internet research and other business information resources.

Moraine Valley Community College

10900 S. 88th Avenue
Palos Hills, IL 60465-9556
(708) 974-4300 TTY (708) 974-9556
<http://www.morainevalley.edu/programs/general/1411.htm>

The Small Business Management Program at MVCC explores the ins and outs of operating a small family business. You will learn about sales, management, marketing, legal issues, accounting, personnel and small business-related topics. This program includes an internship which allows you to gain work experience, meet others in the field and make employment contacts.

Rend Lake College

468 N. Ken Gray Parkway
Ina, Illinois 60246
618/437-5321
<http://www.rlc.cc.il.us/>

The Rend Lake College Small Business Development Center and the Center for Business and Industry provide assistance to all sectors of the local business community. Their mission is to assist small businesses in start-ups, expansions and purchases, while providing customized training programs, consultations and economic development assistance to larger industries. These programs utilize whatever college resources may be available in order to maximize cooperative efforts between industry and education.

INDIANA

Indiana Business Modernization and Technology Corporation (BMT)

10 W. Market Street, Suite 450
Indianapolis, IN 46204-2242
800-877-5182, or (317)635-3058
<http://www.bmtadvantage.org>

BMT is a full service resource providing business, manufacturing and technology assistance to small- and medium-sized Indiana businesses. With services designed to help companies improve their manufacturing processes, business management and planning, quality improvement, product design and development plus marketing assistance, BMT offers low-cost and no-cost business solutions to companies statewide.

Industrial Research Liaison Program

Indiana University Research Park
107 S. Indiana Avenue
Bloomington, IN 47405-7000
(812) 855-6294
<http://advancing.indiana.edu/economy/etc.shtml>

Provides outreach services through Indiana University and finds federal funding for businesses.

BIDC Purdue University

W. Lafayette, Indiana
Susan Grimes
800/787-2432
<http://www.purdue.edu/>

BIDC is a satellite for SBDC, that provides help for startup and other small businesses at state level with business retention, and brings new businesses into the area. It is an information source for SBIR/STTR programs, maintains data lists, does searches and provides loan information.

Indiana SBDC

Its mission is to marshal the resources of the University of Wisconsin to benefit the small business community. The Center offers services in cooperation with UW-Stout, UW Center-Barron Campus and county UW-Extension offices.

Wisconsin Small Business Development Center

<http://cf.uwex.edu/sbdc/>

The Wisconsin Small Business Development Center (WSBDC) exists to serve the people of the State of Wisconsin. It does so by helping to ensure the state's economic health and stability through formative business education by counseling, technology and information transfer, and instruction. The USBDC has served the people of the state primarily by developing and conveying knowledge of small business activities. The Wisconsin SBDC has become well known for its national leadership in this area. The SBDC consists of the Lead Center or State Office, which is administered by the unit of Business and Manufacturing Extension at UW-Extension, and a network of service centers located at 12 of the four-year UW institutions. It is a unique partnership between the University of Wisconsin-Extension and the business schools and departments of the UW System, providing an array of programs, counseling, special initiatives, research and publications. Business management education programs are offered at an affordable fee. Counseling, to address individual business needs, is available without cost to the small business client. The SBDC program is funded by the U.S. Small Business Administration, the State of Wisconsin, the University of Wisconsin-Extension, economic development partners and user fees.
